The District Administrator shall prepare and present to the Department of Public Instruction (DPI) a plan for the delivery of services which meets the requirements of the law, including those described below. The plan shall be developed by appropriate staff members and parents of students who will be served by the plan. The District will periodically review and revise the plan, as necessary. (School Board Policies – 2261, 2261.01, 2261.02))

#### **Weapons:**

The Board prohibits students from possessing, storing, making, or using a weapon in any setting that is under the control and supervision of the District for the purpose of school activities approved and authorized by the District including, but not limited to, property leased, owned, or contracted for by the District, a school-sponsored event, or in a District vehicle, to the extent permitted by law.

The term weapon means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms (including, but not limited to, firearms as defined in 18 U.S.C. 921(a)(3)), guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives (subject to the exceptions below), razors with unguarded blades, clubs, electric weapons (as defined in 941.295(1c)(a), Wis. Stats.), metallic knuckles, martial arts weapons, chemical agents, ammunition, and explosives.

The District Administrator is authorized to establish instructional programs on weapons and reporting and dealing with violations of this policy.

The District Administrator will refer any student who violates this policy to the student's parents and may also make a referral to law enforcement. The student may also be subject to disciplinary action, up to and including expulsion. (School Board Policy 5772)

#### **Concussion and Head Injury Information:**

School districts are required by section 118.293 of the state statutes to distribute a concussion and head injury information sheet to (1) each person who will be coaching a youth athletic activity and (2) each student who wishes to participate in the activity at the beginning of a youth athletic activity season, except as otherwise specifically provided. No person may participate in a youth

athletic activity unless the person returns the concussion and head injury information sheet signed by the student athlete and by his/her parent/guardian. (School Board Policy 5340)

**Sudden Cardiac Arrest:**

Sudden cardiac arrest is a medical event that involves a sudden increase in the heart's ventricular beat that prevents the heart from distributing blood to the brain, lungs, and other organs. It occurs without warning and in youth athletics participants who appear healthy and have passed pre-participation physical examinations. Severe damage and death can occur very quickly without immediate treatment.

In an effort to educate parents, students, and coaches regarding this condition, information regarding sudden cardiac arrest shall be included along with distribution of the required information concerning concussions and shall be distributed to all participants age twelve (12) and older and to coaches prior to participation on youth athletic activity. The information shall contain the following information as provided by the Wisconsin Department of Public Instruction: information about the risks associated continuing to participate in a youth activity after experiencing one (1) or more symptoms of sudden cardiac arrest, including fainting, difficulty breathing, chest pains, dizziness, and abnormal racing heart rate. (School Board Policy 5340)

**Suicide Prevention Resources:**

The Board recognizes that suicide is a leading cause of death among youth and must be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the District Administrator shall develop prevention, intervention, and postvention strategies and procedures. (School Board Policy 5350)

**University of Wisconsin's Guaranteed Admission Program:**

High schools are required to annually prepare a class ranking of pupils enrolled in the high school as of the class's completion of grade 11. See section 118.58. The sole criterion for ranking pupils must be the pupil's grade point average. The class ranking must identify those pupils who rank in the top 5 percent of their high school class and those pupils who rank in the top 10 percent of their high school class. The rankings relate to the "Guaranteed Admission Program" established for the University of Wisconsin system institutions under section 36.11(3m) of the state statutes. (The program is sometimes referred to as the "Wisconsin Guarantee.")

Once the high school completes the ranking, section 118.58 further requires that the high school must:

1. Notify each pupil ranked in the top 10 percent of the pupil's high school class that the pupil is ranked, as applicable, in either the top 5 percent or in the top 10 percent of the pupil's high school class.
2. If applicable to the pupil, identify a top 5 percent or top 10 percent class ranking on the pupil's high school transcript as of the pupil's completion of grade 11.

**Parent Notifications Related to Early Literacy under 2023 Wisconsin Act 20:**

Under section 18.016(4) of the state statutes and beginning in the 2024-25 school year, school districts are required to provide the results of each "reading readiness assessment," in writing, to a pupil's parent no later than 15 days after the assessment is scored. "Reading readiness assessments" are defined as the fundamental skills screening assessments (for 4K), the universal screening assessments (for 5K through third grade), and diagnostic assessments (certain students in 5K through third grade) that are administered under section 118.016.

**Program or Curriculum Modifications:**

The Board recognizes that the regular school program may not be appropriate for all students. Some students may need program or curriculum modifications to successfully meet the District's academic goals and/or graduation requirements. (School Board Policy 2451)
