

Hustisford Community Education

Dance Program

Classes Offered:

Pre-Ballet is for the 3-5 year old dancer. These classes are geared toward creative movement, beginning ballet terminology, and basic stage direction.

Ballet classes are for the dancer aged 6 years and older. No experience is necessary. In this class the dancer has a more structured class starting with ballet barre exercises, centre floor work, and simple combinations.

Tap isn't only making noise with your feet. It can be tricky getting the correct foot articulation and proper shading of sound. Tap classes are offered for dancers 6 years and older. Students are taught basic rhythm and musicality, and syncopation of rhythms, shading and dynamics as they advance.

Jazz dancing evolved with music brought to America from different cultures and ethnic backgrounds. Students must be at least 9 years of age. Dancers are taught isolations, centre barre exercises, across the floor skill development and basic combinations. Ballet training helps, but is not necessary.

Classical Ballet is for the experienced ballet dancer. To join this class you must be at least 10 years old and have a minimum of three years ballet training. This is a one hour class.

Classes will be held at the **Hustisford Junior/Senior High School**. A minimum of four students is needed to form a new class. There is a maximum of 10-12 students in a class depending upon their age. All classes meet once a week and are 30 minutes in length with the exception of Classical Ballet which is one hour. All classes begin the week of **September 12th**.
